From his first job scraping trays at a pizzeria at the age of fifteen, Jason Sheehan has worked at all kinds of restaurants across America, from Buffalo to Tampa to Albuquerque: at a French colonial and an all-night diner, at a crab shack just off the interstate and a fusion restaurant in a former hair salon. In *Cooking Dirty* he tells the story of one man's addiction to the urgency, stress, and adrenalin of minimum-wage kitchen work. His universe becomes 'a small, steel box filled with knives and meat and fire', where the kitchen is a fraternity with its own rites and initiations: cigarettes in the walk-in freezer, sex in the basement, drugs everywhere. Restaurant cooking sets a series of seemingly endless personal challenges, from the first perfectly done mussel to the satisfaction of surgically sliced foie gras. The kitchen itself is a place in which life's mysteries are thawed, sliced, broiled, barbecued, and fried - a place where people from the margins find their community and their calling. *Cooking Dirty* is a passionate, funny, electrifying memoir of addiction: an addiction to kitchen work. It reveals the hell and glory of restaurant life, as told by a survivor. Jason Sheehan is his own unforgettable central character - edgy, driven, irresistible. Eating out will never be the same again.

Welcome to *Scream Street* — a hilarious middle-grade series that will spook kids silly. When Luke Watson turns into a werewolf for the third time, the Government Housing of Unusual Lifeforms (G.H.O.U.L.) moves his family to *Scream Street* — a frightful community of vampires, zombies, witches, and sundry undead. Though Luke quickly makes friends, he vows to find a way to take his terrified parents home. The secret to opening the exit, he learns, is collecting six powerful relics the founding fathers left behind. But with a sinister landlord determined to thwart Luke at every turn, will he even get past the first hurdle alive?

To attain a natural look in ceramic restorations, the technician must reproduce three critical aspects of a natural tooth: single-tooth morphology, tooth alignment, and natural tooth colour. This book offers images and information that should help produce functional and esthetic restoration.

Hellinger sheds light on his unique use of family constellations to reveal hidden often destructive family dynamics and to active healing resources. Hellinger also speaks freely and frankly about his observations of the forces at work in family systems and the controversy that surrounds some of those observations.

This early work by S. S. Van Dine was originally published in 1934 and we are now republishing it with a brand new introduction. 'The Casino Murder Case' is one of Van Dine's novels of crime and mystery. S. S. Van Dine was born Willard Huntington Wright in Charlottesville, Virginia in 1888. He attended St. Vincent College, Pomona College and Harvard University, but failed to graduate, leaving to cultivate contacts he had made in the literary world. At the age of twenty-one, Wright began his professional writing career as literary editor of the Los Angeles Times. In 1926, Wright published his first S. S. Van Dine novel, *The Benson Murder Case*. Wright went on to write eleven more mysteries. The first few books about his upper-class amateur sleuth, Philo Vance, were so popular that Wright became wealthy for the first time in his life. His later books declined in popularity as the reading public's tastes in mystery fiction changed, but during the late twenties and early thirties his work was very successful.
