AIRDYNE - 4 (1990 - PRESENT)

Schwinn created the ultimate exercise machine, when they put the Schwinn Airdyne Exercise bike on the market in the late 1970's. It has since become the most common form of fitness as far as exercise bikes. The Airdyne has no resistance parts, and gets all its resistance from air. These bikes have been around since the late 70's and since that time replacement parts have remained basically the ...

The Schwinn AD7 Airdyne bike that I received had been repackaged, and I was not happy about that! The box, and inside contents had large amounts of transparent package tape holding things together. Amazon normally offers a discount on an item that has previously damaged packaging, or cosmetic blemishes, and markets that item as used.
