This textbook teaches the principles and applications of fermentation technology, bioreactors, bioprocess variables and their measurement, key product separation and purification techniques as well as bioprocess economics in an easy to understand way. The multidisciplinary science of fermentation applies scientific and engineering principles to living organisms or their useful components to produce products and services beneficial for our society. Successful exploitation of fermentation technology involves knowledge of microbiology and engineering. Thus the book serves as a must-have guide for undergraduates and graduate students interested in

Biochemical Engineering and Microbial Biotechnology

This transcript of a witness seminar, one of a series of five, provides an intriguing and instructional collection of memoirs and insights from senior members of the dental profession and others, especially since the inception of the NHS. Such seminars capture the knowledge of 'witnesses' to the events discussed. These seminars and associated activities form part of a history of dentistry made possible by a significant donation from the eponymous sponsor of the John McLean Archive of Living Dental History. Dr John McLean was a unique icon of British dentistry. He was a leader of the profession, holding many prestigious positions, including President of the BDA, and an expert on dental materials, operative dentistry and prosthodontics. He authored over 100 papers for peer-reviewed journals. The seminars are part of a fitting memorial to a great man and provide information that cannot easily be obtained in books and clinical and research journals.

The JMP 10 Scripting Guide provides extensive instructions for using the powerful JMP Scripting Language (JSL). This book begins with an introduction to JSL terminology, examples of how to write your own scripts, and details on script development tools such as the debugger and editor. A description of the language elements follows along with examples of writing JSL scripts to manipulate data tables, platforms, display objects, three-dimensional graphs, and matrices. Learn how to integrate JMP with SAS, R, and Microsoft Excel. Design applications in a drag-and-drop interface called Application Builder, and create add-ins to extend JMP functionality with Add-In Builder. Other topics include examples of scripts for common tasks and a syntax reference, which defines the functions, operators, and messages used in JSL. This title is also available online.

How does a company constantly win more business than its rivals? A key factor is the ability to create proposals that outshine those from even the strongest competitors. Powerful Proposals helps businesses maximize the selling power of their proposals, with proven strategies for going beyond "this is what we do" documents in favor of customer-centered offers that highlight the tangible benefits your company offers. This powerful process offers tools and techniques that will let any firm: * assess their "winner or loser" proposal status and take proactive steps to become a winner * address the "Big Four" questions that a proposal must answer to be successful * create "A+" proposals in less time with less wasted effort via a simple, repeatable process * neutralize the issue of price when the firm is not the low-price provider Powerful Proposals takes readers step by step through designing executive summaries, writing themes, and generating the text. There is also valuable information on strategy, graphics, callouts, and other visual elements.

Set against the war-prone and volatile times of ancient Magna Graecia, this uplifting tale portrays the transcendental love between a Lucanian princess and her merman prince lover. Both, expected to marry from among their own races, decide to follow their oracle and spiritual advisor's guidance instead and set out on a life-transforming journey that will bring them to the brink of human perseverance and faith, in the hope of being able to unite in the heavenly abode of the Olympian Gods. In this first book of the multi-volume grand saga, *Within the Ocean of Eternal Love*, entitled *The Quest of All Ages*, the two lovers defy the rules and confines of a compromised reality to venture into the depths of the humanly impossible. Quickened by their endless love for one another, they startle and inspire their family and friends with their superhuman courage and ingenious plan to win the support of the Olympian Gods and Goddesses for the ultimate quest any soul can aspire to accomplish: complete self-mastery and unification with the other half of the soul, one's eternal soulmate! Maha Devi Li Ra La's writing weaves itself like an ethereal tapestry throughout the story, stylishly combining powerful spiritual knowledge with factual historic events into a language that is reminiscent of consciousness itself, vibrating with the aliveness of the laws of nature that underlie all of creation and that lend their synchronistic rhythms and cadences to this 'out of this world' story as if it were a poem springing from the mouth of the Divine itself.

RT Book Reviews 2015 Reviewers Choice Award Winner for Best Steampunk Romance "McMaster once again proves her remarkable gift for cleverly fusing a nonstop, action-driven story, a deliciously dark and atmospheric setting, and off-the-charts sensuality into one riveting read."—Booklist Fifth in a thrilling steampunk paranormal romance series, *Lady Aramina* finally has the means to destroy her nemesis, Leo Barrons—the only man who troubles her heart and tempts her body. When her beloved father was assassinated, Lady Aramina swore revenge. The man responsible is well beyond her grasp, but his dangerously seductive heir, Leo Barrons, is fair game. When Mina obtains evidence proving that Leo is illegitimate, she has the means to destroy both the killer and his son, a man who troubles her heart and tempts her body. A woman of mystery, Mina's long driven Leo crazy with glimpses of a fiery passion that lurks beneath her icy veneer. He knows she's hiding something, and he's determined to unravel her layer by silken layer. He just doesn't expect the beautiful liar to be the key to overthrowing the corrupt prince consort...or to saving his own carefully walled-off heart. London Steampunk Series: *Kiss of Steel* (Book 1) *Heart of Iron* (Book 2) *My Lady Quicksilver* (Book 3) *Forged by Desire* (Book 4) *Of Silk and Steam* (Book 5) Praise for Bec McMaster: "Action, adventure, steampunk, and blazing hot seduction...Bec McMaster offers it all."—Eve Silver, author of *Sins of the Flesh* for *Kiss of Steel* "Deftly blends elements of Steampunk and vampire romance with brilliantly successful results...darkly atmospheric and

delectably sexy."—Booklist Starred Review for Kiss of Steel "Edgy, dark, and shot through with a grim, gritty intensity, McMaster's latest title adds to her mesmerizing steampunk series with another gripping, inventive stunner."—Booklist, starred review for Heart of Iron "Rich, dramatic, romantic, and dangerous..."—Publishers Weekly for Of Silk and Steam

THESE ARE NOT THE WORLD'S FINEST... Batman and Superman—separately, they're two of the greatest heroes the world has ever seen. Together, they're an incredible team...and the greatest of friends. But Batman and Superman have never teamed up like this before. This is a Superman who's lost most of his powers and had his identity revealed to the entire world. Someone is coordinating a series of attacks against him that have brought him to the brink of destruction, and he needs the world's greatest detective to help him put the clues together. But this Batman isn't Bruce Wayne. Jim Gordon now protects Gotham as the robot-suited Batman, and he has no reason to trust Superman...especially when his presence in Gotham seems to have brought on a war with a race of super-powered subterranean beings! They may not be the Batman and Superman who have done amazing things together in the past. But if they can't learn to work together now, there may no longer be a Gotham City to protect! Spinning off of the events of BATMAN VOL. 8: SUPER HEAVY and SUPERMAN VOL. 1: TRUTH, acclaimed writer Greg Pak (ACTION COMICS) and artists Ardian Syaf (GREEN LANTERN) and Cliff Richards (LOBO) chronicle the first meeting between two very changed heroes, with guest appearances by Batgirl, Aquaman, Red Hood and more! Collects BATMAN/SUPERMAN #21-27.
