Perform the servicing soon after you see the Service Engine Soon light turn on. Make sure you have it serviced before you attempt to reset the light. If you don't reset it soon after you have your Buick Century serviced, the light will start to malfunction.

**How To Reset the Service Engine Soon Light in a 1999 Buick ...**

Service Engine Soon Light Meaning. If the 'Service Engine Soon' light comes on, it means that there is a minor problem with the electronics or the engine of your car. Some manufacturers use them as a check engine light for minor problems. It could also mean that it is time for a scheduled service, such as oil or spark plug replacement. Some manufacturers only have one indicator for both scheduled service and engine problems.

**Service Engine Soon Light [How to fix it?] Meaning & Causes**

Failure Date: 06/22/2004. 1999 Buick Century developed a rough idle right after start up. Then check engine light comes on. Nar the problem restricted the fuel injectors. The service engine soon light would flash and after some driving, it would reset itself and run okay until the next cold start cycle repeats itself.

My 1999 Ford E450 Van Chassis has just illuminated the "Service Engine Soon" warning light after turning 80,000 miles. I've checked the items listed in the manual, including checking the dip stick to insure it's seated. The motorhome runs normally. I'll have the motorhome serviced soon but is there a way to turn off this light manually in the meantime?

Disconnect the negative battery cable from the battery. You may also need to turn the lights or radio on after diconnecting the battery to make sure all power is drained from the reserve. This should shut off the light. The engine may run rough for a few minutes while the computer relearns things once the battery has been reconnected.

If you drive a vehicle made by General Motors from around 1999 on, it may have a "Service Vehicle Soon" warning light. It's different than the "Service Engine Soon" light or check engine light. The Service Vehicle Soon (SVS) warning light is part of a computerized monitoring system that's run by the body control module (BCM). The BCM keeps an eye on several systems non-engine systems throughout the vehicle's body and chassis. These can include:
