This major revision to United States Army publication, Army Regulation AR 600-20 Army Command Policy July 2020, prescribes the policies and responsibilities of command, which include the Army Ready and Resilient Campaign Plan, military discipline and conduct, the Army Military Equal Opportunity (MEO) Program, the Army Harassment Prevention and Response Program, and the Army Sexual Harassment/Assault Response and Prevention (SHARP) Program. This regulation implements DoDI 1020.03, DoDI 1300.17, DoDI 1325.02, DoDI 1325.06; DoDI 1342.22; DoDI 5240.22, DoDI 5240.26, DoDI 5505.18; DoDI 6495.02; DoDI 6495.03, DoDD 1350.2, DoDD 6495.01, DoDD 5205.16 and DoDD 7050.06. Also, it prescribes the policy and responsibility of command, which include the Army Ready and Resilient Campaign Plan, military discipline and conduct, the Army Equal Opportunity Program, and the Army Sexual Harassment/Assault Response and Prevention Program. The 30-day advanced publication requirement has been waived because the revision implements previously published law, DoD directives and instructions, and Army directives that need to be consolidated and communicated to the field as soon as possible. This regulation applies to the Regular Army, the Army National Guard/Army National Guard of the United States, and the U.S. Army Reserve, unless otherwise stated. It also applies to all assigned, attached, or operationally controlled U.S. Army Corrections Command personnel, and all Army Corrections System prisoners incarcerated in Army Corrections System facilities. Chapters 6 and 7 and appendix E apply to members of the Army National Guard of the United States when on active duty Title 10 orders, for 30 days or more. In all other cases, members of the Army National Guard are governed by regulations issued by the Chief, National Guard Bureau consistent with Chief, National Guard Bureau's authorities under 32 USC 110, 10 USC 10503, and DoDD 5105.77. It also applies where stated to Department of the Army Civilians. Portions of this regulation that prescribe specific conduct are punitive, and violations of these provisions may subject offenders to nonjudicial or judicial action under the Uniform Code of Military Justice. The equal opportunity terms found in the glossary are applicable only to uniformed personnel. AR 690-600 and AR 690-12 contains similar terms that are applicable to Department of the Army Civilians.

This text examines how the Department of Defense and its armed services - the Army, Navy, Marine Corps, and Air Force, respond to service members who report having been sexually assaulted and how it investigates and disciplines service members accused of perpetrating sexual assault. It also reviews how the military educates service members and trains military criminal investigators and military lawyers about sexual assault offences.

Doctrine provides a military organization with a common philosophy, a language, a purpose, and unity of effort. Rather than establishing a set of hard and fast rules, the objective of doctrine is to foster initiative and creative thinking. To this end, FM 3-06 discusses major Army operations in an urban environment. This environment, consisting of complex terrain, a concentrated population, and an infrastructure of systems, is an operational environment in which Army forces will operate. In the future, it may be the predominant operational environment. Each urban operation is unique and will differ because of the multitude of combinations presented by the threat, the urban area itself, the major operation of which it may be part (or the focus), and the fluidity of societal and geopolitical considerations. Therefore, there will always exist an innate tension between Army doctrine, the actual context of the urban operation, and future realities. Commanders must strike the proper balance between maintaining the capability to respond to current threats and preparing for future challenges. This manual provides the analytical tools for evaluating an urban operation to determine if the operation is necessary for overall mission success. It also provides the means to understanding and determining the impacts of the urban environment on military operations and provides information on managing, taking advantage of, and mitigating the effects of those impacts as appropriate. As such, this manual demonstrates how to apply the doctrinal principles in FM 3-0 to this unique environment.

Goals and objectives; Five themes; Three types of information; Network development; Network options; Technology choices; Software and hardware; Organization and management; Demonstration sites; Major elements of the strategy.
